Professional Experience Timeline

❖ Associate Projects at Cognizant

Feb 2018 - Present

At **Cognizant**, I worked across various projects for our client which is one of the oldest and largest global providers of **Insurance**, with **90 million customers** in over **60 countries**.

Few notable works during this tenure are:

- Built **Retirement & Income Solutions Data Store** to achieve **automated outreach, classifications, reporting, and sanitization of data** coming from different sources.
- Built **Web Services** to facilitate communication between **front end consumer applications** and **mainframe** systems.
- **Migrated legacy monolithic applications** to **Micro Services** and **containerizing** them with **Docker**.

❖ Systems Engineer at TATA Consultancy Services Ltd.

Sept 2014 - Feb 2018

At **TCS**, I worked for one of the largest **publishing house** based in United States which is known for conducting online assessments, and publishing educational books.

Few notable works during this tenure are:

- Built platforms to facilitate **web based test administration, scoring and reporting** for examinees.
- Implementation of **Ehcache** across the application to improve performance and reduce database hits
- Implementation of **Inventory Management System** to allow test administrators to conduct test using **Subscription** and **Usage based model**.
- Implementation of **Flex Monitor Application** to help test administrators **generate dynamic questions** in their tests as per examinee's requirements.

Certifications

- | | |
|--|---|
| • Oracle Cloud Infrastructure Foundations Certification | • freeCodeCamp.org certification on APIs and Micro Services |
| • SAFe 5 Agile Practitioner Certified Associate | • JavaScript Developer's Certification from w3schools.com |
| • LOMA 281 Certification – Meeting Customer Needs | • HTML-5 Developer's Certification from w3schools.com |

Latest Achievements

- In 2019, awarded with **Certificate of Excellence** from **Cognizant** and **Client VP**, in recognition of extra ordinary work delivered.
- In 2019, awarded '**Be the Change**' recognition from **Cognizant's Outreach Unit**.
- In 2018, awarded with '**Star Associate**' by Cognizant.
